

# Open Swim Guidelines

- We maintain a ratio: 6:1 or smaller for open swims
- Each camper will have at least one “buddy” within their swim group that they must stay with **at all times**.
- Counselors will actively supervise and participate in swimming with campers.
- All Junior campers, and any others who are not confident swimmers, must stay in the splash pool.
- Competent swimmers are eligible for swim tests at most pools. Swimmers who successfully pass the swim test may swim in other areas of the pool.
- Sunscreen will be applied before swimming and throughout our swim time as needed.
- We highly encourage campers to wear swim shirts on outdoor swim days.
