

Dress Rehearsal and Performance Details

Snowflake Soirée

Snowman production

Below are details for the Snowflake Soirée and the Snowman Production. Please read through carefully, dress rehearsal order, show order, and arrival times are different each day.

Dress rehearsal and Performance order are different in order to minimize our youngest dancers being at the theater late two nights in a row. Dress Rehearsal and Performances will be held at:

DL Parson's Theater, 11801 Community Center Dr, Northglenn, CO 80233

Costumes are based on the class dress code and "closet costumes" organized by the teacher. We will compile costumes from what dancers already own beginning in November.

Dancers may be asked to bring something such as "party dresses" or "yellow clothes" to class for the teacher to assemble a cohesive look. If you have multiple options and are willing to let another dancer borrow an item, we greatly appreciate it.

While we do not require dancers to go purchase any items, sometimes the dancers themselves want or request that. Costume details to come the first week in November. Please let us know if you need help gathering items for your dancer's costume.

Your \$55 performance fee is included with October 16th payment and goes directly to support the cost of facility rental, production staff and faculty.

Snowman Production

New this year, dancers in the story production are asked to attend both of the full show run throughs at the studio. Attendance at the run through will help the dancers have a better idea of the overall show, since entrances to and exits from the stage will be different than in past recitals which have not told a story. These in-studio run throughs are scheduled for Saturday November 20, 1:30 pm - 3:00 pm and Saturday December 4, 10:30 am - 12:00 pm.

Monday December 6, Dress Rehearsal 5:15 pm - 6:45 pm

Because of the nature of the production, all dancers need to be there for the entirety of the run through.

Tuesday December 7, 7:15 pm -8:15 pm

Performers must be checked in backstage at 7 pm
